QUALITY

All work shall be performed in a good and workmanlike manner per industry standards. All material is guaranteed to be new, unless otherwise specified.

NetPlanner Systems, Inc. shall take all necessary precautions for the safety of persons and the protection of the work and adjoining property. NetPlanner Systems, Inc. shall comply with all applicable provisions of federal, state and local safety laws and building codes including, without limitation, the provisions of 29 CFR 1910.147 (OSHA Lockout/Tagout Standard).

INDEPENDENT CONTRACTORS

The relationship of Customer and NetPlanner Systems, Inc. created by this agreement shall be that of independent contractors and not one of joint venture, partnership, or employment.

During the term of this Agreement and for a period of two (2) years following the date of the termination or expiration of this Agreement (or the date of any subsequent termination of the parties' relationship, whichever is later), Customer covenants and agrees that Customer shall not, directly or indirectly: (i) solicit, recruit, or hire (or attempt to solicit, recruit, or hire) or otherwise assist anyone in soliciting, recruiting, or hiring, any employee of NetPlanner Systems, Inc. who performed work for NetPlanner Systems, Inc. within the last year of Customer's relationship with NetPlanner Systems, Inc. or who was otherwise engaged or employed with NetPlanner Systems, Inc. at the time of termination or expiration of this Agreement and the parties' relationship or (ii) otherwise encourage, solicit, or support any such employee(s) to leave their employment with NetPlanner Systems, Inc., until such employee's employment with NetPlanner Systems, Inc. has been voluntarily or involuntarily terminated or separated for at least six (6) months. In some instances, the Prevailing Wage Determination provided within an RFP/bid package does not include an employee classification matching the specialized skills required of our employees. Under these circumstances, our quote is based upon the prevailing wage rates for our classification, in the project's specific geographic location. In addition, should the contract be awarded to our company, we would need to submit an SF1444 requesting a wage conformance to include a worker classification for Telecommunications / Voice / Data / Video technicians.
