Reason for the Nomination

Using the program criteria, explain in detail why the employee deserves to be recognized as the *Strongest Link in the Chain*. Use a separate sheet if necessary.

Recently, the City of Griffin received the much hoped for and anticipated news that Ostuka Chemical Company has chosen Griffin Power as its electric service provider at its new facility in the Lakes of Green Valley Industrial Park. While many factors were taken into consideration when evaluating their options, it is my opinion that the favorable impression Calvin Vallee made upon the general contractor of the Otsuka construction site probably pushed the City to the top of the list. Calvin's unstoppable enthusiasm, positive attitude, can-do work ethic and passion for this project just mirror his love for the City of Griffin and Griffin Power. He made sure that the needs of the construction team were met and was always available to answer any questions and addressed all concerns promptly.

Having new customers in the Lakes of Green Valley will have a positive impact on our economy for many years to come and I am thankful that Calvin was there to help make it happen.
