# MAYORS SUMMIT

**November 14-16, 2014**  
**The Ritz-Carlton Lodge – Reynolds Plantation**  
**Greensboro, GA**

**TO:** Participant Mayors & Commission Chairs

**FROM:** Scott Jones

**DATE:** September 3, 2014

---

Legislation and regulations being addressed at both the federal and state levels are threatening to impact your local community's assurance of reliable, competitive electricity. That is why it is so important that you stay current on unfolding energy/utility related issues. You need relevant and detailed information concerning such matters as proposed rules on carbon emissions for both new and existing generating facilities, renewable resources and transmission security in order to become a stronger advocacy voice for your community. The Mayors Summit, sponsored by MEAG Power, is designed to do just that—keep you up-to-date on matters that are important to the future of your communities. This year's Summit will be held November 14-16 at The Ritz-Carlton Lodge-Reynolds Plantation.

Program presenters will update you on the two new EPA proposed rules on GHG emissions for existing, modified and reconstructed units and standards of performance for GHG emissions from new stationary sources. You will also receive an update on what is happening with solar legislation in Georgia and the State Territorial Act as well as other issues we foresee in the 2015 General Assembly session. Additionally, a progress report will be given on the expansion at Plant Vogtle Units 3&4, and a site tour is possible if there is enough interest.

Please make plans to participate in this year's conference. If you are unable to be present, ensure that a person from your council or board is there.

All conference costs other than lodging are complimentary. Enclosed please find registration information as well as a program outline. If you have questions regarding the attached material, please contact Darla Lowe at ([dlowe@meagpower.org](mailto:dlowe@meagpower.org)) or 770/563-0476.

Thank you and we again urge you to attend this very important event.
