Mr. Kenny L. Smith
Griffin City Manager
100 South Hill Street
Griffin, GA 30223

RE: Downtown Griffin Bicycle and Pedestrian Facilities Project, SP-168/PI # 0010333

Dear Mr. Smith:

Please accept this letter as formal confirmation that the Atlanta Regional Commission approves the City's request to change the project description and concept for the Griffin LCI project noted above. ARC agrees that the revised concept (which replaces the separated on-street bike lanes with shared lane markings, due to safety concerns and right-of-way constraints, but maintains the lane reductions and curb extensions), will nevertheless advance the goals the LCI program, create a more walkable downtown and a safer and more accessible street for all users. Therefore, this change will not affect the funding commitment to the project.

Please submit the project description change through the Planit website (<http://planitpublic.atlantaregional.com/>) so that the change may be reflected in the TIP. If you have any further questions, or need assistance, please contact Amy Goodwin at 404-463-3311, agoodwin@atlantaregional.com.

Sincerely,

John Orr
Division Manager
Transportation Access and Mobility Division
