Chris Sprayberry deserves Strongest Link in the Chain due to his dedication, hard work, professional skills and “get it done” attitude.

Chris played an integral role in moving the electric department’s IT infrastructure to their new building on the week of May 25<sup>th</sup>. During that week he moved computers, phones, printers and network switches. Prior to the week of the move he was instrumental in planning and the preparation of the move; this included installation and troubleshooting of fiber optics and networking equipment.

Chris stayed late that week not just to address issues with the move, but also to ensure support was given to the Commissioner Meeting and Emergency Operations Center ensuring maximum support was given and all systems were available.

Despite the long hours and stress Chris maintained professionalism, a chipper attitude, and amazing troubleshooting skills.
