
HONOR OUR KIA

July 17, 2015

Mr. Toussaint Kirk
City of Griffin
Dept. of Planning and Development
100 South Hill Street
Griffin, Georgia 30224

Toussaint,

Attached are two copies each of two applications for property locations owned by the City.

I want to point out a couple of things:

These applications for locations on the City Hall and the Imperial Theatre facade are NOT intended at this point for actual administrative approval. These two locations, each of which we envision for two plaques, have not yet been presented to the City for consideration but I thought this would be the best way to start that process.

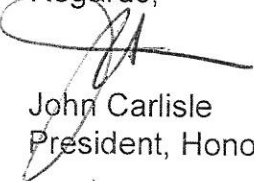

This way they can see exactly what we have in mind - where, what, etc. This should answer all their questions and give them the information they need for their deliberations. If you agree, please let me know what I should do next in order to get it before the Board and I will take it from there.

Once they have reviewed it and hopefully approved, I can refile this application or add the License to these copies - which ever you think is correct.

In regards to the Imperial Theatre facade, there is already installed a plaque dedicated to Lt. James Reese - the plaque that started this whole project. It does not conform to the plaques that we will now be putting up. We have a new one for Reese so that the old one can be taken down and a conforming one put up in it's place. Additionally we're asking for another entirely new one on the left of the entrance.

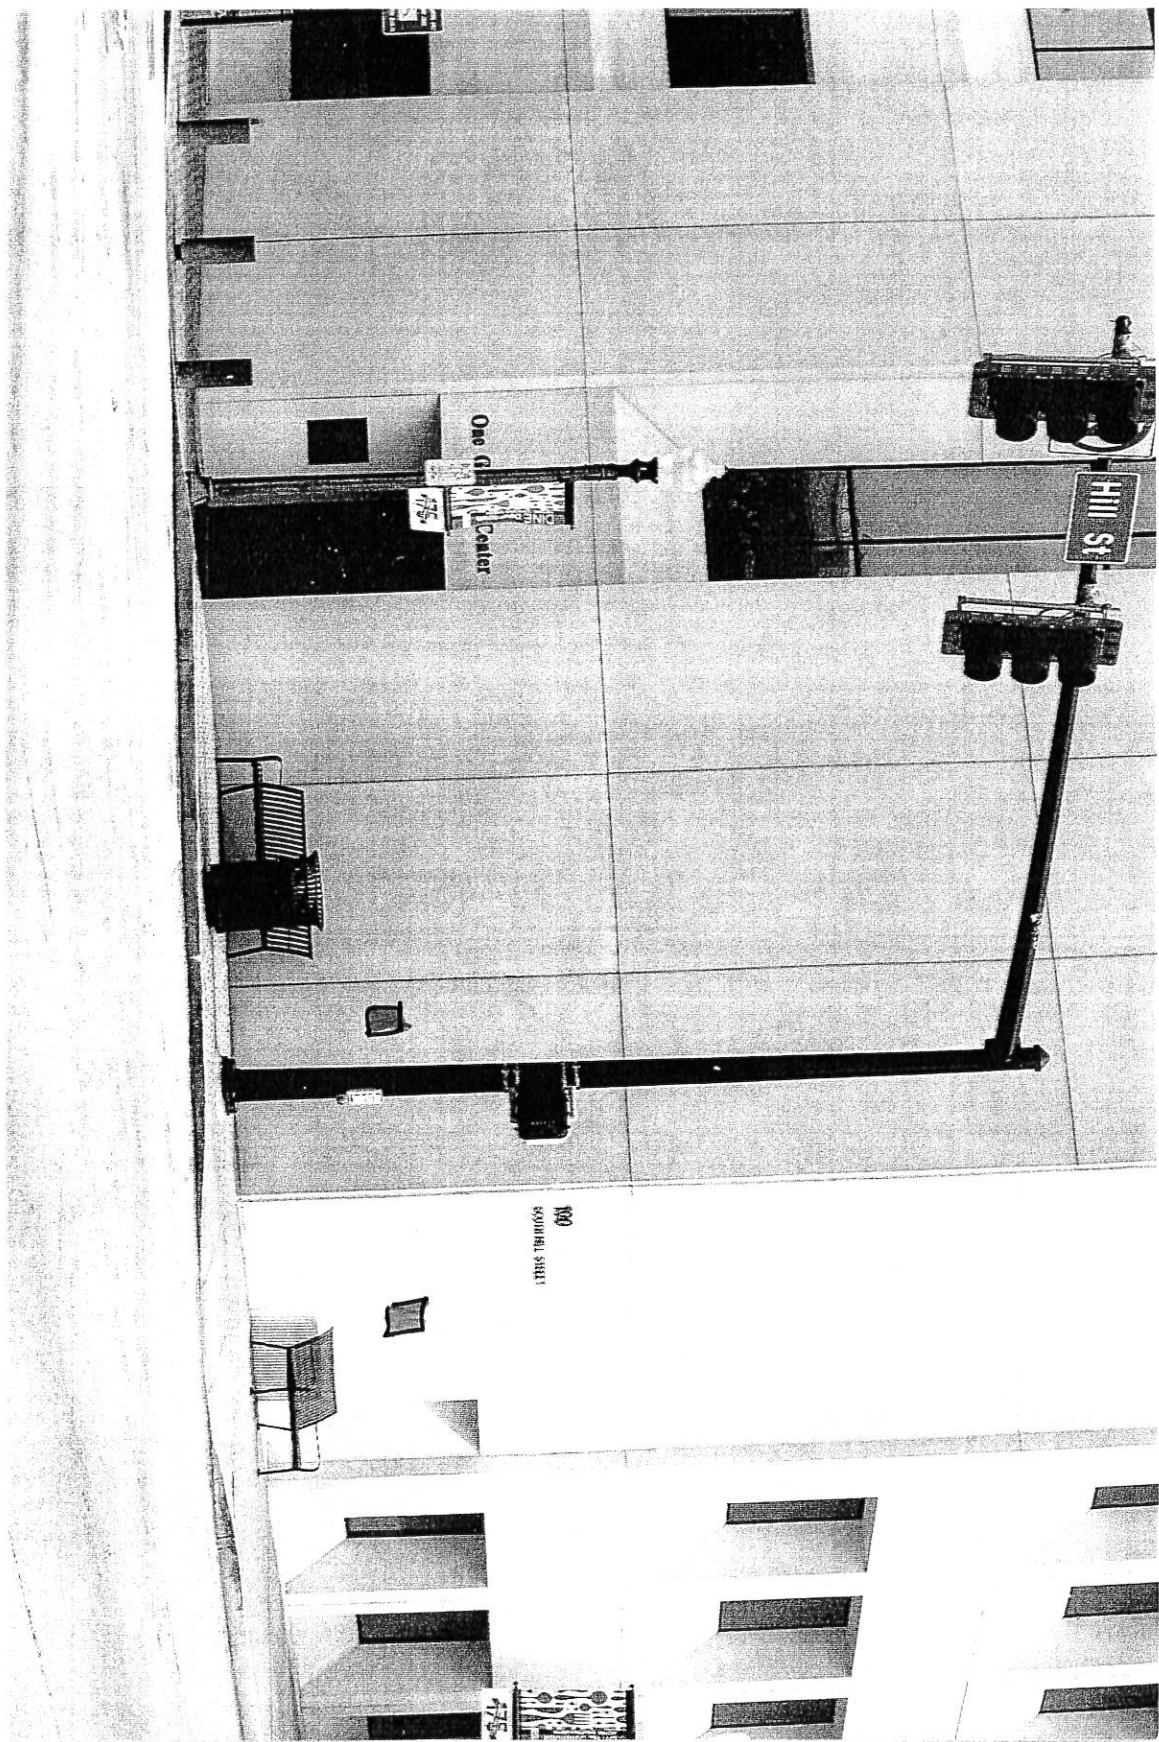

Thank you for your ongoing help in this connection.

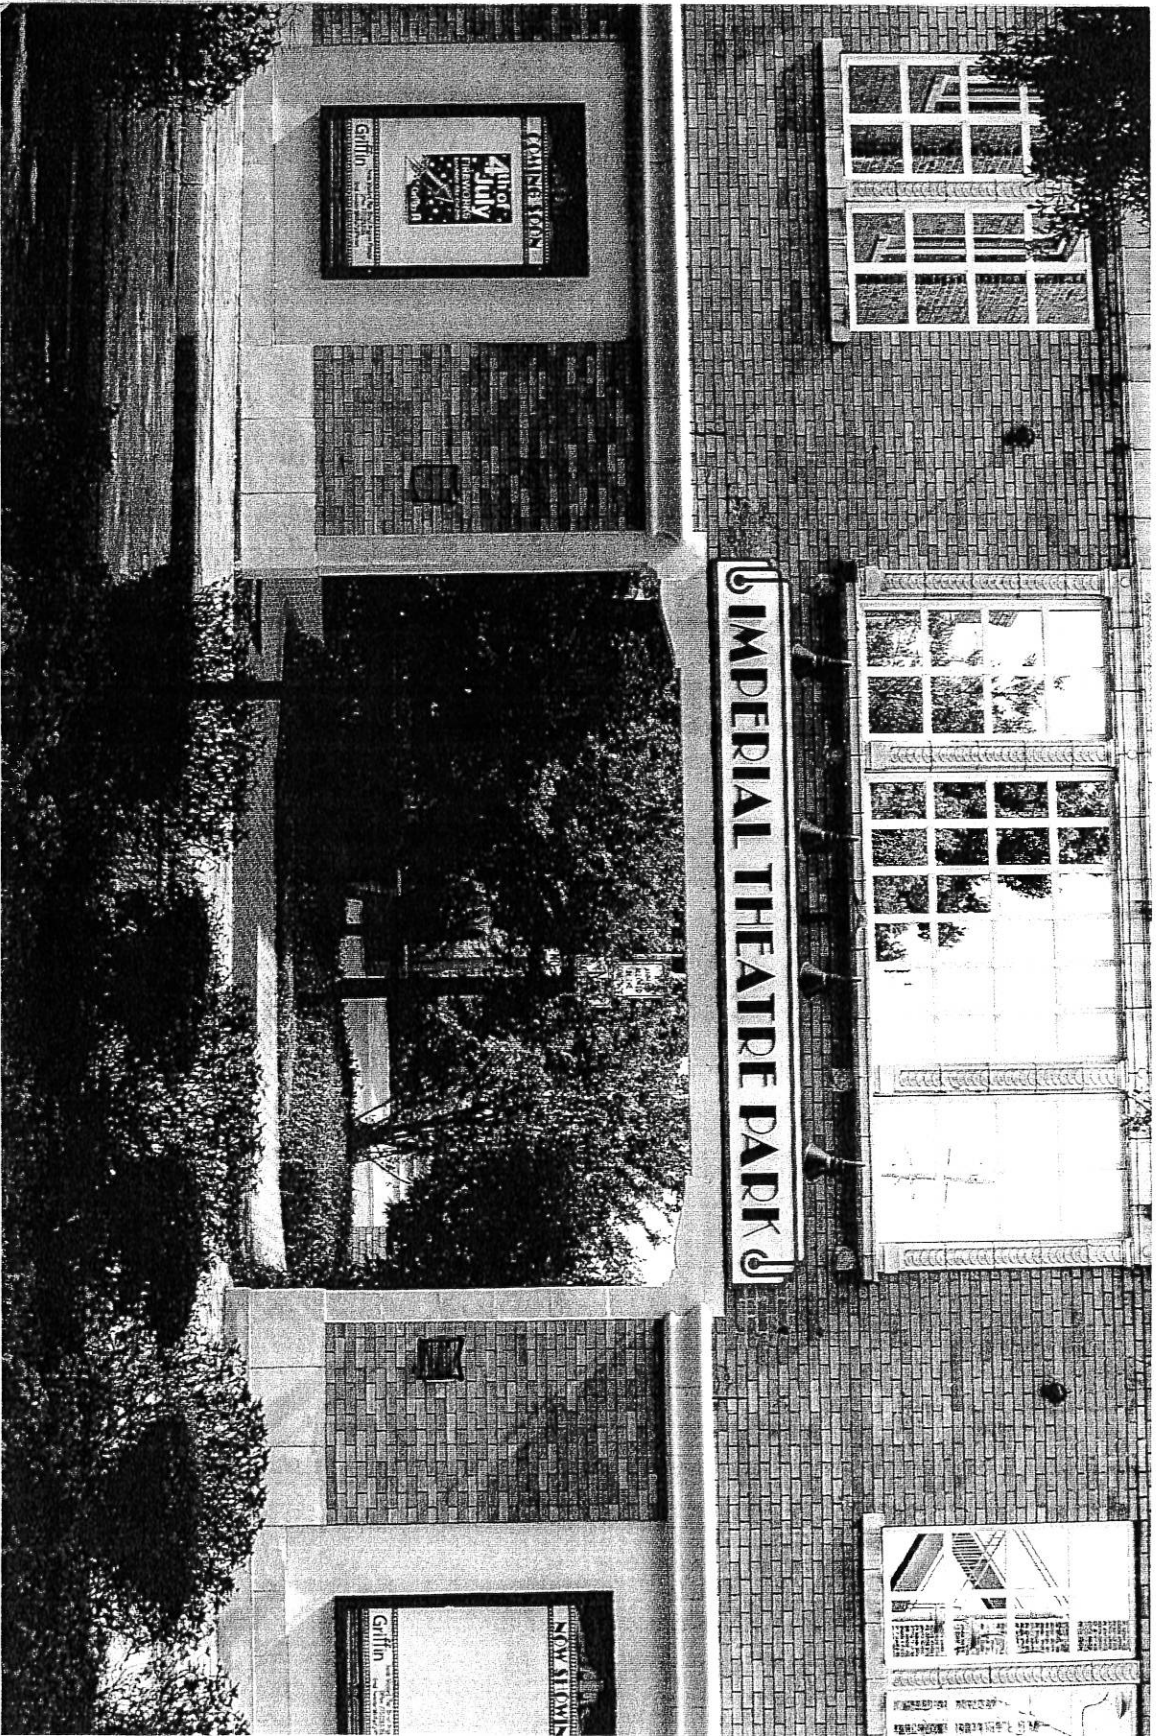

Regards,

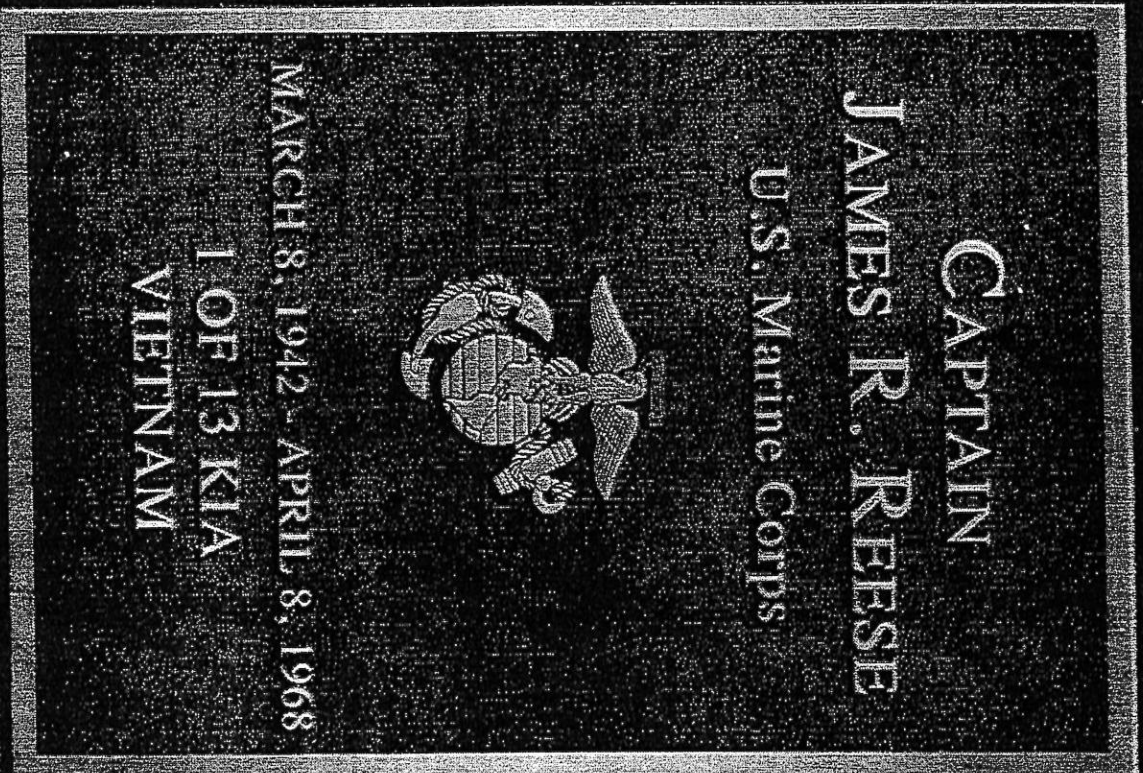

John Carlisle
