Reason for the Nomination

Using the program criteria, explain in detail why the employee deserves to be recognized as the *Strongest Link in the Chain*. Use a separate sheet if necessary.

I would like to nominate Douglas Mckinney for Strongest Link in the Chain. He drove the initiative that upgraded and replaced the antiquated digital customer information displays and video server for the city. Thus granting more dynamic content to be displayed and allowing easier information sharing with visiting customers. He also lead the storage rebuild and expansion project to accommodate the body worn cameras for the Griffin police officers. This enabled the city to store and meet the long and short term video retention requirements for police recorded data. In his time here, Douglas has repeatedly demonstrated his exemplary skill level through his work quality and ethics. He has dedicated time to study and achieve his Certified Fiber Optic Technician certification to better support the fiber optic infrastructure network of the city. His contributions and dedication to this organization have elevated the benchmark for IT and inspires us all to achieve more.
