RE: Potato Creek WPCP Expansion
Emergency Generators Bid

Dear Brant:

Paragon Consulting Group (PCG) has reviewed the bids submitted for the above project on June 7, 2016. The low bid was submitted by W.W. Williams Inc. for an MTU Onsite Energy Model 18v2000DS1250 generator and an MTU Onsite Energy Model 6R1600DS275 generator. PCG has evaluated the bid package submitted by W.W. Williams Inc. and found it complies with the stipulations set forth in the project specifications. In addition, the electrical engineering firm of Womack & Associates has reviewed the specifications of the MTU Onsite Energy generators submitted and confirmed both generators meet the technical requirements outlined in the bid.

Based on the bid results and verification of the bid package and specifications, PCG recommends the City of Griffin award the contract to supply the generators to W.W. Williams for the combined bid amount of \$298,767.00. A summary of the bids received is attached to this letter.

Feel free to contact me should you have any questions concerning this matter.

Sincerely,

PARAGON CONSULTING GROUP, INC.

Brian K. Upson, P.E.
