The purpose of this letter is to notify the City of Griffin of my intent to file a claim against the City due to negligence by a City of Griffin employee who left a utility pole extended in the highway on the North Expressway on Feb 28, 2016. A claim has been filed but the City has made no effort to compensate me for pain and suffering, medical bills and property damage to my vehicle. I am asking for \$100,000 pain and suffering, \$4500.00 to my personal injuries medical bills, and \$3500.00 to my vehicle, 1987 Toyota pickup.
