Griffin, Georgia

RE: Notice of Intent to Sue

Dear Mr. Smith:

This letter serves as the formal notice of my intent to file a lawsuit against City of Griffin, Salvation Army and its Board of Directors individually in court, due to your not keeping the area clean as requested.

I recently notified City Manager Kenny Smith about the deplorable condition allowed to exist at the Griffin Salvation Army store. I was assured by Mr. Smith that my request would be taken care off by the City. It has not.

If you wish to resolve this matter without court action, I will expect a notification to what the intent the City of Griffin and the Board of Directors of the Salvation Army's is.

Your prompt attention is appreciated,

Bob Gilreath,
1338 Hillwood Ave.
Griffin Georgia

I will accept your reply by way of my email....griffinjournal@comcast.net
